

Rear Elevation

Front Elevation

Side Elevation

Side Elevation

**Notes:**

- Do not scale from this drawing. Use figured dimensions in all cases.
- Verify dimensions on site and report any discrepancies to the Architect immediately.
- This drawing is to be read in conjunction with the Architect's Specification
- © This drawing is copyright and may only be reproduced with the Architect's permission.

This is a Design & Build Contract and the Contractor has full responsibility for the Design of the Works in accordance with the Building Regulations and all relevant Codes of Practice & Standards. The Design and Specifications given in the Tender Documents are preliminary only and represent minimum standards that the Contractor must comply with. These preliminary designs and specifications should be verified by the Contractor and developed further to give a fully detailed compliant design. The Contractor's fully detailed design drawings and calculations for all elements of construction should be submitted to the Employer Representative for review a minimum of 6 weeks prior to the programmed commencement of construction of the relevant elements.
